PROUDLY BY YOUR SIDE
WITH ENDOSOLUTIONS FOR EUS

From Diagnosis to Treatment Experience clarity in motion with our Endoscopic Ultrasound Solutions!

The premium **ARIETTA™ 850 FF ENDO** ultrasound platform delivers diagnostic imaging without compromise and is equipped with multiple diagnostic applications to support advanced diagnosis.

Now, the revolutionary **Detective Flow Imaging (DFI)** technology is also compatible with our mainstream **EG-580UT ultrasound endoscope**, allowing even more physicians to experience clarity in motion first-hand.

Scan the QR code to see DFI in motion.

FUJIFILM
Value from Innovation

Din partner i innovative løsninger til endoskopi

Som leverandør af totalløsninger har vi hos Duomed Scandinavia en passion for at levere de bedste løsninger og værdiskabende ydelser til vores kunder i sundhedssektoren.

Vidste du, at Duomed Scandinavia er stolt indehaver af EcoVadis' guldmedalje? Scan QR-koden for at læse mere om vores ESG strategi og initiativer i vores bæredygtighedsrapport!

Kom forbi vores stand og oplev produkterne fra Taewoong Medical

Sammen med vores samarbejdspartner Taewoong, har vi fokus på, at imødekomme behovet i et sundhedssystem der hele tiden er i forandring. Scan QR-koden for at få mere at vide om RFA-behandling og ligeledes om varianter af metalstents til det gastrointestinale system.
